The Answer Keys were published on 26.4.2007. A few complaints regarding the keys have been received and the same have been examined by 'Expert Committees' constituted for the purpose. Based on the recommendations of the Committees, the following modifications have been made in the answer keys published on 26.4.2007.

Accordingly, in Paper I (Chemistry & Physics), eight (8) questions in Chemistry and two (2) questions in Physics have been deleted. Hence these ten (10) questions have not been included in the valuation and no marks have been awarded for these deleted questions to any candidate. Valuation has been based on 64 questions in Chemistry and 46 questions in Physics. The marks obtained in Chemistry and Physics parts of Paper I have been multiplied by (72/64) and (48/46) respectively and the sum of these marks (each corrected to four places of decimals) is the marks for Paper I. Similarly, two (2) questions have been deleted from valuation in Paper II (Biology). The marks obtained for 118questions have been multiplied by (120/118) to determine the mark for Paper II Biology (correct to four decimal places). The above formula is applied to award proportionate marks based on the score of the candidate for the questions considered for evaluation (excluding deleted questions) to compensate the loss of marks for the deleted questions.

The results of candidates belonging to SC/ST categories and those claiming SC/ST benefits, whose community claims have not been cleared by the Screening Committee, have been withheld.

Valuation is computerized and is error-free. There is no provision for revaluation of answer scripts or rechecking of marks.

The inclusion of the Roll No. of any candidate in this list does not entitle him/her for admission unless he/she satisfies all the conditions of eligibility as prescribed in the Prospectus. The category/community-wise list based on the rank list will also be published in due course. Complaints regarding the Category List should reach the Commissioner for Entrance Examinations within 15 days after the publication of the category list.

Candidates will be admitted to the courses only if the academic eligibility conditions as prescribed in the Prospectus are fulfilled at the time of Allotment Process. This will be verified at the time of admission.

Separate Notification for Allotment Process for allotment of courses/colleges will be issued in due course (See Prospectus 2007).
