(vi) Registering of the Options and saving/revising the Options registered: All eligible options of the candidate will be displayed on the Home Page. The candidate may follow the directions given therein to register the options. The data entered may be saved regularly by clicking the 'Save' button, so that the data already entered is not lost due to unexpected reasons. The candidate should enter only those options in which he/she is interested. Candidates should also note that he/she will be considered for allotment only to those colleges opted by him/her. So, a candidate who has not opted for a college will not be considered for allotment to that college. Existing options, registered by the candidate and available in the Home Page, can be cancelled by entering the number '0' against that particular option to be cancelled and by clicking the 'Update' button. All options registered by the candidate will be processed. If a candidate gets allotted to a particular seat, based on his/her option, he/she is bound to accept it, failing which, he/she will lose that allotment as well as his/her claims for any seat in any college. Such candidates will not be eligible for any further allotment in any college.

(vii) Option Work Sheet facility: If a candidate experiences any difficulty in entering the data directly, he/she may first take a printout of the work sheet showing all the options he/she is eligible for, by clicking on the 'OPTION WORKSHEET' or 'DETAILED OPTION WORKSHEET'

link on the page. The desired entries may be made on this work sheet and the same may be used for registering the options in the website. The preference numbers may be fixed using this work sheet and the data may be entered in the system subsequently. A candidate has the facility to modify or rearrange his/her earlier options before the last date and time fixed.

(viii) Viewing and Printing of the Option List based on the options registered: Once the candidate completes the option entry, he/she can view his/her options by clicking on the link provided. An option list will be generated and the candidate can take a printout of the same and keep it for future reference. If the candidate wants to change his/her options already registered, he/she may revise the options as desired and ensure that the option list has come as per his/her preference.

(ix) Logging off from the Home page: Once the candidate is satisfied with the options registered, he/she should 'Log off' the system by clicking on "logout" link. The process of 'Registration of Options' is complete when the candidate logs off. This action is compulsory for preventing the misuse of his/her Home Page by others.

(x) Rearranging option priority: A candidate may change his/her option priority any number of times within the time schedule permitted. The priority of options registered at the time of closing of the facility for registering options alone will be considered for processing.

**Note: As different Universities are offering different subjects/papers for the LL.B Courses, the candidate should ascertain from the colleges regarding the courses and subjects offered by the respective colleges before submitting options.**

**15.2 Processing of Options and Allotment:** After the period earmarked for registering options, they will be processed and the allotment for all colleges will be published on the website, "www.cee-kerala.org", on the date notified by the CEE. The allotment memo, the printout of which can be taken from the website, will show the college to which the candidate is allotted and the fee to be remitted. The schedule of allotment will be notified separately.

**15.3 Remittance of Fee:** The prescribed fee for the Course will have to be remitted by the candidate at the college allotted to him/her, while taking admission.

**15.4 Admission to the Course:** Candidates allotted to a college should take admission in that college as per the schedule prescribed by the CEE after remitting the required fees. Candidates who do not take admission will lose their allotment as well as their further claims.

**15.5 Cancellation of options/alteration of priority of options after each allotment:**

Candidates will have the facility to cancel/alter the priority of their higher order options in the list of options registered by them before the next allotment. This facility will be activated in the 'Home Page' of the candidates on the dates notified by the CEE.

After each allotment, the options below the 'allotted one' of the candidate will automatically be removed from the option list of the candidate. For example, if a candidate had registered 4 options in all, and if he/she is allotted his/her 3<sup>rd</sup> option,

option 4 will be removed from the option list. Since the 3<sup>rd</sup> option is the allotted one, it will not be seen in the option list. Options 1 and 2 only will remain valid and will be considered for future allotments.

If a candidate is satisfied with an allotment and does not want to be considered against his remaining options, he/she will have the facility to cancel all the remaining options or specific options among the remaining options as per his/her desire. The candidate will also have the facility to alter the priority of the remaining options. But the candidate will not be permitted to register any fresh option to the existing ones.

The facility for cancellation/deletion/alteration will be available as notified by the CEE, after which the facility will be withdrawn. A candidate retaining all or any of the options after each allotment is bound to accept the next allotment, if any, given to him/her. If the candidate fails to accept the allotment, he/she will lose all the allotments/admission and will not be considered for any further allotments.

**15.6 Further Allotments:** Details regarding further allotments will be notified by the Commissioner for Entrance Examinations.

**15.7 Last Rank Details:** The last rank details of the allotment will be published after each allotment and will be made available in the website. The last rank given will be the general rank of the candidate.

**15.8 Post Allotment Activities:**

(a) **Reporting at the College:** Candidates who get allotment will have to report before the Principal/Head of the Institution concerned for admission on the dates notified with the required documents:

The candidate is specifically instructed NOT to inform his/her KEY NUMBER and PASSWORD to the institutions concerned.

(b) **Verification of Documents:** The Principal/Head of the College or Institution shall be personally responsible for verification and satisfaction of the correctness of the records produced by the candidate at the time of seeking admission in the college/institution. The University concerned shall also verify the records produced by the candidate who got admission in the college/institution.

(c) **Failure to Report for Admission:** Candidates who do not take admission on the prescribed date will lose their admission. They will not be considered for any further allotments.

(d) **Admission/Allotment** of seats is governed by a statewide principle of selection. Accordingly, the total seats available in all the Institutions will be distributed statewide for the different categories by applying mandatory reservation principle as mentioned in Clause 8 (B). While doing selection as per the statewide break up of seats, an institution wise break up of seats for the various categories, following the principle of reservation will also be maintained for the allotment of seats for the course in each college.

(e) **Selection / Allotment of College:** *Selection/Allotment of a candidate to any college will be based on the rank of the candidate and the availability of seats, at that point of*

*time when the candidate files option. The procedure adopted for admission will be as per the selection principle approved in G.O. (MS) No.122/98/HEdn dated 7-10-1998. According to the G.O., "candidates of the reserved category who will otherwise come in the open merit list will be allotted to the college of his choice provided he would have been eligible for allotment to that college if he was treated as candidate coming under reservation quota. While a reserved category candidate entitled to admission on the basis of his merit will have the option of taking admission to the colleges where a specified number of seats have been kept reserved for reserved category but while computing the percentage of reservation he will be deemed to have been admitted as an open category candidate and not as a reserved category candidate".*

*i. The allotment to colleges will be as per the break-up of seats for the course in each college. But on applying the principle of selection mentioned above, the break-up of seats for allotment in certain colleges are likely to change.*

*ii. Admission memo (Final Selection Memo) will be issued to the selected candidates after the Online Allotment Process. It is obligatory for the candidates to report to the College to which he/she is selected. Candidates should report for admission in the college with their parents/guardians. No extension of time for reporting to the college will be granted under any circumstances. Failure to appear before the Principal concerned for joining the course on the notified date and time will result in the forfeiture of his/her admission to the course and he/she will not be considered for any vacancies arising in future.*

*iii. Vacancies arising after the first round of allotment of seats will be filled up according to the rank and options submitted by the candidates and observing the reservation rules on the basis of the priority given in the option form. There will be no mutual transfer between the candidates from one college to another.*
