

GOVERNMENT OF KERALA

Abstract

Health&Family Welfare Department- Academic- Admission to the Medical Post Graduate Degree Courses in Self Financing Medical Educational Institutions for the academic session 2020-21- Seat Matrix and Guidelines- Approved- Orders issued

HEALTH & FAMILY WELFARE (S)DEPARTMENT

G.O.(Rt)No.741/2020/H&FWD Dated,Thiruvananthapuram, 20/04/2020

Read 1 G.O.(Ms)No.50/2020/H&FWD dated 11.03.2020

2 Letter No.B2/4804/2019/DME dated 15.04.2020 from the
Director of Medical Education

ORDER

Government are pleased to approve the seat matrix for admission to the Medical Post Graduate Degree Courses in Self Financing Medical Educational Institutions for the academic session 2020-21 as appended to this order.

2. The methods and principles adopted for arriving at the above seat matrix are explained below:

In Self Financing Medical Educational Institutions, leaving aside the seats under NRI and Minority Community quotas, the remaining seats are distributed between the General (unreserved), SC, ST and SEBC categories. Reservation for SC (8%), ST (2%), SEBC candidates (9%) with internal further distribution Ezhava 3%, Muslim 2%, BH 1%, LC 1%, B Xian 1%, Kudumbi 1%, is incorporated in the roster.

a. Roster Preparation

- i. Roster for the current year is prepared as an extension of the last year's roster.
- ii. Assignment of reservation categories to roster points is driven by computing the gap between the total share of seats due to the categories and the seats actually allocated up to that point in the extended roster.
- iii. Mapping of categories to roster points makes use of a category hierarchy, with blocks of reserved and unreserved seats at the top level, and the block of reserved seats further divided into the SC-ST and the SEBC blocks at the next level. The SC-ST and SEBC blocks in turn are divided in to the respective

constituent categories at the bottom level.

b. Assignment of seats to roster points for forming the seat matrix

- i. Seat Matrix for the current year is prepared as an extension of the last year's seat matrix.
- ii. After reservation categories are assigned to roster points, the next step is to map roster points to seats. The procedure for mapping roster points to seats in participating institutions relies on a well defined hierarchical grouping of the seats available at the time of seat matrix preparation. At the highest level, there is a distinction between DEGREE and DIPLOMA courses, if any. The next level is characterized by distinguishing CLINICAL subjects from NON-CLINICAL subjects. Subsequent levels are characterized by the specialities and institutions, in that order.
- iii. The roster points with categories assigned to them are processed one after the other. When a roster point is considered for mapping to a seat, the unassigned seats are examined along the seat hierarchy defined above. At each level of the hierarchy, choice of seat is made based on a computation of the gap between the due seats and the seats accrued up to that stage in the extended seat matrix in respect of the concerned category, separately for the constituent groups at that level. The group in which the category is having higher deficit will be pursued. This logic is applied through the levels until the bottom-most level is reached and the roster point will get assigned to a seat in a particular speciality and institution combination.
- iv. In case additional seat(s) is / are contributed by any institution after finalization of seat matrix due to creation of additional seat or starting of new course after freezing of seat distribution(seat matrix), before start of next round (second / third) of counselling the same will be added to the roster and the seat matrix by applying the above defined procedures for extension of roster and seat matrix.
- v. In case an institution withdraws any seat after finalization of seat matrix as mentioned above, on account of de-recognition of seat or due to furnishing of wrong information earlier, the same would be deleted from the list without changing/disturbing remaining seat matrix. However, as the deleted seats will not be part of the accrued seats when the next extension (due to availability of additional seats or the next year's seat matrix preparation) of the roster and seat matrix takes place, the lost assignments of seats to roster points will be automatically compensated when such extensions happen.

(By order of the Governor)

MANU B.

ADDITIONAL SECRETARY

The Director of Medical Education, Thiruvananthapuram.

The Commissioner for Entrance Examinations, Thiruvananthapuram.
The Principal, Self Financing Medical College concerned (Through DME).
The Principal Accountant General(A&E/Audit), Kerala, Thiruvananthapuram.
The Information Officer, Web & New Media, Information & Public Relations
Department, Government Secretariat, Thiruvananthapuram
